Why Am I mad, I don't get it,
It seems like every time you give me signs,
And I miss it!
I did it again,
I admit it,
I left you standing there,
And now I regret it,
Seems like every time I
Get the chance I
Lose my cool, and I blow it,
And I get all tongue tied,
Lost in your eyes,
I'm a fool, and I know it!

[Chorus:]
I should've kissed you,
I should've told you,
Told you just how I feel,
And next time I won't stop,
I'll listen to my heart,
Cause what I feel is real!
I should've kissed you,
I should've told you how I feel,
I should've kissed you,
I should've showed you just how I feel,

Now why didn't I,
Give you my two cents,
A million reasons why I should have,
And it makes no sense,
So here I am,
By myself again,
Stopping for green lights, when I know,
I wanna be more than friends,
How come every time I
Get the chance I
Lose my cool and I blow it,
And I get all tongue tied,
Lost in your eyes,
I'm a fool and I know it!
Heyy...

[Chorus:]

I should've kissed you,
I should've told you,
Told you just how I feel,
And next time I won't stop,
I'll listen to my heart,
Cause what I feel is real!
I should've kissed you,
I should've told you how I feel,
I should've kissed you,
I should've showed you just how I feel!

So I turn the car around,
And you were right where I left you,
And your smile said you were feeling it too,
And the moon shine bright,
That's when your lips met mine,
Yea, I finally got it right,
I'll be leaving with you tonight,
And I won't have to say,

[Chorus:]

I should've kissed you,
I should've told you,
Told you just how I feel,
And next time I won't stop,
I'll listen to my heart,
Cause what I feel is real!
I should've kissed you, Girl
I should've told you how I feel,
I should've kissed you,
I should've showed you just how I feel!

Girl I should've kissed you,
I should've told you
told you just how I feel,
And next time I won't stop,
Until I have your heart,
Cause what im feeling is real
