What are you thinkin  
I know you see ya cell phone blinkin  
Backwards and forwards i'm pacin  
Tryna figure out  
why you aint callin me back  
What does it all mean  
Maybe ya tryna show me somethin  
But chu aint gotta do it this way no  
Put yaself in my shoes  
Tell what would you do

She know aint been gettin her on the phone  
And I know she been gettin it somethins wrong  
Could it be  
That shes with the other dude from her past  
I know damn well that she aint  
See her laughin with her girlfriends  
Lookin at the number  
Talkin bout its him again  
I know she soulda called me  
Pretty soon im gonna find out  
In the morning about you  
And him all up in my place

Is it a problem  
And if its really one ima solve it  
Dont know how you handle  
other dudes but im not them  
Girl you runnin around got them thinkin  
That I cant handle my thang  
Ooh are you crazy  
Did you really think you could play me  
Im about to show up on your door step  
And you better answer  
So when I knock knock you  
better be by yourself

She know aint been gettin her on the phone  
And I know she been gettin it somethins wrong  
Could it be  
That shes with the other dude from her past  
I know damn well that she aint

See her laughin with her girlfriends  
Lookin at the number talkin bout its him again  
I know she soulda called me  
Pretty soon im gonna find out  
In the morning about you and him all up in my place

You cant run(cuz them boys are gunna find you girl)  
You cant hide(cuz you know im right behind you girl)  
If you tell him the truth  
then why you actin like you scared over there  
You cant run(cuz them boys are gunna find you girl)  
You cant hide(cuz you know im right behind you girl)  
If what you say is true  
then why you keep comin back  
baby, baby yeah yeah yeah

She know aint been gettin her on the phone  
And I know she been gettin it somethins wrong  
Could it be  
that she's with the other dude from her past  
I know damn well that she aint  
See her laughin with her girlfriends  
Lookin at the number talkin bout its him again  
I know she soulda called me  
Pretty soon im gonna find out  
In the morning about you  
And him all up in my place
