Yeah yeah yeah yeah  
Yeah yeah yeah yeah  
You know what just listen please

I never really thought  
I'd be sittin' here all alone  
Starin' down at the phone, damn  
What did I do that was so wrong

And girl  
I never thought  
That  
You would move on  
Can't believe you're gone  
It's killing me my heart  
Ain't  
Your home

(And now)  
Thought I was the one  
But you done left me out  
(And  
Now)  
And now

Now I can't see nothing  
Now my everything  
Done  
Turned to nothing  
What can I do  
What can I say  
Nothin'  
Wish I  
Could've stopped  
You walkin' out  
Should've screamed out loud  
Baby can't  
You hear me  
(Can't you hear me)  
Don't you miss me  
Because I'm hurting  
Girl

I wish that you could feel me  
I guess there's nothing  
Wish that you  
Would talk to me  
Or something  
But you ain't sayin' nothin, no

I never even gave you 100%  
I never said what I meant  
Damn girl  
Never thought you be burn out  
Now my heart is breaking down  
It's killing me I save it  
And it's gone out  
(Out)  
I thought you was going to let me out  
But now...

Now I can't see nothing  
Now my everything  
Done  
Turned to nothing  
What can I do  
What can I say  
Nothin'  
Wish I  
Could've stopped  
You walkin' out  
Should've screamed out loud  
Baby can't  
You hear me  
(Can't you hear me)  
Don't you miss me  
Because I'm hurting  
Girl  
I wish that you could feel me  
I guess there's nothing  
Wish that you  
Would talk to me  
Or something  
But you ain't sayin' nothin, no

One of the things I miss most  
Is how you make me feel so right  
(Even though your the one)  
I wanna know  
Hey  
(I think everyday and night)  
Day and night  
I'll break it down  
Next to me can't you see

Ohhhh

Now I can't see nothing  
Now my everything  
Done  
Turned to nothing  
What can I do  
What can I say  
Nothin'  
Wish I  
Could've stopped  
You walkin' out  
Should've screamed out loud  
Baby can't  
You hear me  
(Can't you hear me)  
Don't you miss me  
Because I'm hurting  
Girl  
I wish that you could feel me  
I guess there's nothing  
Wish that you  
Would talk to me  
Or something  
But you ain't sayin' nothin, no  
Nothing  
What can I do  
What can I say  
Nothin'  
Wish I  
Could've stopped  
You walkin' out  
Should've screamed out loud  
Baby can't  
You hear me
