Lights On, Stage Set (Heh)
I guess I gotta put on a show again
Coz everyones waiting
Big House, Fly Jets
When I turn the raído on
I hear all my songs playing (yeah)

(Bridge)
Whatever money can buy
I've probably got it (that's real talk, ooooh oooh, yeah)
I see my name in the sky
All over the world (ooooh)
I just sit here saying
Lucky Me

(Chorus)
I've got to pose of the cameras
Even when my worlds falling down
I still wear a smile
Lucky Me
Even though I'm so damaged
I've got to pick my self
And perfom for the crowd
Lucky Me
Creating all my loved ones, wannabe stars
Coz nobody said it'd be so hard
Wouldn't put this on no one else(eelsse)
Lucky Me

So exclusive
I don't have to wait in a line
It's like the club is mine now
If it was only that simple
They would say it was easy to do
And we know that's not true

(Bridge)
Whatever money can buy
I've probably got it (that's real talk, oooh oooh, yeah)
I see my name in the sky
All over the world (ooooh)
I just sit here saying

Lucky Me

(Chorus)

I've got to pose of the cameras
Even when my worlds falling down
I still wear a smile

Lucky Me

Even though I'm so damaged
I've got to pick my self
And perform for the crowd

Lucky Me

Creating all my loved ones, wannabe stars
Coz nobody said it'd be so hard
Wouldn't put this on no one else

Lucky Me

My dream and it's my heart
The life of being a star
You don't even know how hard it is, do you (yeah)
Now I'm thankful for everything,
And I'm finally becoming a man
Now I gotta pick a show to do
Lucky me

(Chorus)

I've got to pose of the cameras
Even when my worlds falling down
I still wear a smile

Lucky Me

Even though I'm so damaged
I've got to pick my self
And perform for the crowd

Lucky Me

Creating all my loved ones, wannabe stars
Coz nobody said it'd be so hard?
Wouldn't wish this on no one else

Lucky Me
