j-j-j-just go ahead and do the right thing, do the right thing  
do the right thing, ohh

and girl if you won't get naughty  
i don't need a key, I just push go and start it  
[Chorus]  
oh yeah, oh yeah, (girl you a pro)  
oh yeah, oh yeah, (on the, on the floor)  
oh yeah, oh yeah, (yeah girl you got my heart)  
oh yeah, oh yeah, (do it, do it)  
ah-ah-ah-ah

n\*ggas spend a hundred thousand on bottles  
baby girl you're gone  
ugly girls be quiet, all the models scream i'm  
performing  
two bad ones with me  
it's three somethin' in the mornin', get it  
jump hump until the morning, now get it  
her mouth open, she yawn, and get it  
i've been on it all day  
but if she come my way, i'ma put on my shades  
still giving me face  
but then your girlfriend's hatin' cause you're M.I.A  
but you're over my place  
i'm the king in my city you can have it your way  
i'm the cameraman set the camera up  
put the booty up, then we can press replay  
your friends, can't tell me nothing  
leavin' with me, know you want it  
it's in your eyes, don't tell me lies  
girl you need no disguise, let me give it to you like  
ohhh yeahh  
[Chorus]  
oh yeah, oh yeah, (girl you a pro)  
oh yeah, oh yeah, (on the, on the floor)  
oh yeah, oh yeah, (yeah girl you got my heart)  
oh yeah, oh yeah, (do it)

ah-ah-ah-ah  
oh yeah, oh yeah, (girl you a pro)  
oh yeah, oh yeah, (on the, on the floor)  
oh yeah, oh yeah, (yeah girl you got my heart)  
oh yeah, oh yeah (do it)  
baby we gonna celebrate, it's a holiday, yeah  
you've been eyeing me all this time  
and girl i want you to cross the line  
so can take you to a place, yeah  
so both of us can roll around in covers  
and do some crazy things, oh  
ah-ah-ah  
your friends, can't tell me nothing  
leavin' with me, know you want it  
it's in your eyes, don't tell me lies  
girl you need no disguise, let me give it to you like ohh  
YEAHHH  
[Chorus]  
oh yeah, oh yeah, (girl you a pro)
