1:30 in the morning
You're blowing up my phone, telling me to come over
And you say
You really need me to come closer babe and handle
your body
Girl I'm right here to hold you down
Slow it down and speed it up
And girl I want you to scream, baby come put your hair
down for me

I know
I know, every time I'm with her, every time I'm with,
every time I'm with
Her she gone break me off
I can't wait to get her, I can't wait to get
I know when I get her I'mma break her off
I just can't wait for you
So baby, please I need it more and more
Baby, one more time
One more time

Girl you know you the shit tonight, you gone get this
d*ck tonight
That's right
Know you're mine
And you can give me all of that lick tonight
I'm kissing both of your lips tonight
A nigga goin' harder, harder
I know you a bad girl, and I need it
And that lame nigga just beat it
Two girls off the bed, that's two stains
Versace, they body
Fuck 'em with the rolie on & two chains
Wait...

I know
I know, every time I'm with her, every time I'm with,
every time I'm with
Her she gone break me off
I can't wait to get her, I can't wait to get
I know when I get her I'mma break her off

I just can't wait for you
So baby, please I need it more and more
Baby, one more time
One more time
