Ok, what's up? You feelin' alright?
I'm good, feels like one of those nights
I got my crew with me and I brought my swagger, too
We ain't hit the door, you better check your attitude
Ok, ok, you do your thing, I ain't mad at you
But I'm on a different level, check your latitude
I'm thinking maybe it's one of those nights
It feels like one of those nights
Yeah, it's gotta be one of those nights
Oh, it feels like one of those nights
I think it might be one of those nights
Oh, yeah, it feels like one of those nights
