(Verse 1)

I just need one more dance  
And girl i hate this feeling but its not going away  
I think im in love with you  
And i cant help myself  
Cause this may be the only chance I've got with you  
And i know you gone show off

(Chord)

She likes all them stripper poles  
Like taking off her clothes  
And when you work that girl you stop my heart

Shes got the perfect lips the perfect body  
Shes the life of the party and she likes to party Hard  
Shes such a rock n roller but exotic  
Shes the life of ma party she likes to party hard  
Your spilling your drinks on me living wild and free  
Tonight you've changed my life  
I hope you put your lips on me  
Playing tricks on me  
Tonight we gone party hard

(Verse 2)

Cause you speak through your eyes and girl you might  
As well just say what your already thinking, cause we

Take me to ecstasy and far beyond  
Show me how you having fun, baby  
And girl we got all night
