Hot passin hour in the club
I was trying to cut her up
I was sippin on
Tryin to find the missing link
You had a mission trying to vouge
Then I came right through the smoke
I was smoking hot
Catch my fever lets burn up the floor
I need to know, how to get into you
Baby I'm liking your bod
Oooo you got me stuck
So I can enter you
How I can flow my moves

Don't breathe
I want to take deep breath
Let your body feel it all night, from your body
It can charge you all up
Lets start a riot on the floor
Wait till you pass out
Wait till you pass out
Wait till you pass out
Wait till you pass out

I'm burning up and it's so hard to turn me down
Let's breach it up because hun your fires turning down
I'll bring you back can you smell that
Now that imma rockstar I just wanna stop your heart
Go go enter on the dance floor
Go go am I what you asked for
Imma monster not a pretty little girl
Eyes on me so come follow me

Don't breathe
I want to take deep breath
Let your body feel it all night, from your body
It can charge you all up
Lets start a riot on the floor
Wait till you pass out
Wait till you pass out
Wait till you pass out
Wait till you pass out

I just can't say no baby girl I wanna take you down
Oh whatever silly boy I'm tryna turn you out
Girl give it up know I really want cha
Blacking out, blacking out right now
Oh oh oh oh oh oh oh oh

Don't breathe
I want to take deep breath
Let your body feel it all night, from your body
It can charge you all up
Lets start a riot on the floor
Wait till you pass out
Wait till you pass out
Wait till you pass out
Wait till you pass out
