Tu veux voler
Au bord du d'Ã©sir?
Je sais que tu me veux
Mais est-ce que tu m'Ã©rites mon amour?

Half past an hour in the club
I was trying to cut a rug.
I was sippin' on,
Tryin' a find the missing link.
You had a mission tryin' a vogue
Then I came right through the smoke,
I was smoking hot,
Catch my fever, let's burn up the floor.
I need to know, how to get into you,
Baby, I'm liking your bod.
Oo, you got me stuck,
I'm so effin' into you,
I'll let you blow my moves.

Don't breathe,
I want to take your breath,
Let your body feel it all night, from your battery
It'll charge you up.
Let's start a riot on the floor
Do it till you pass out
Do it till you pass out
Do it till you pass out
Do it till you pass out

I'm up and up and it's so hard to turn me down
Let's burn shit up cause I'm your fire starter now
I'll bring it back... can you smell that?
Now that I'm a rock star, I just wanna stop your
heart
Go, go... dancer on the dancefloor
Go, go... am I what you asked for?
I'm a monster, not a pretty little girl
Eyes on me, so come follow me

Don't breathe
I want to take your breath
Let your body feel it all night, from your battery

It'll charge you up
Let's start a riot on the floor
Do it till you pass out
Do it till you pass out
Do it till you pass out
Do it till you pass out

I just can't say no baby girl I wanna take you down
Um no whatever, silly boy I'm tryna turn you out
Girl give it up, you know I really want cha
Blackin' out, blackin' out right now
Oh oh oh oh oh oh oh oh

Don't breathe
I want to take your breath
Let your body feel it all night, from your battery
It'll charge you all up
Let's start a riot on the floor
Do it till you pass out
Do it till you pass out
Do it till you pass out
Do it till you pass out
