[Chris Brown]

I just wanna get
Let me talk to you for a minute

Got to the kitchen
Let's do it now
You got it coming
Imma lay you down
Give it to me girl
I wanna feel
Baby I'm about to seal the deal
Now I wanna touch
Let's warm it up
And you got what I need
Make me bust
I want your body
Let me get it from the back
Girl I'm about to attack

[R. Kelly]

Girl you make me wanna get you pregnant
Girl you make me wanna get you pregnant
Lay your body down and get you pregnant
Knock you up, pregnant, knock you up
[x2]

[Tyrese]

Do you mind if I talk to you sexy ladies for a minute
Ooo
Do you mind if I talk to y'all for a minute
Listen

Jump in the shower
It's soaking wet
Imma give you something I know you won't forget
Just let me come in
Open your door
Imma put it all in
Girl you gon be sore
Imma do you on the bar
Wanna play me turn the lights down

dooown
Lick your ice cream
You can have this chocolate bar
Tonight Imma take this way too far

[R. Kelly]

Girl you make me wanna get you pregnant
Girl you make me wanna get you pregnant
Lay your body down and get you pregnant
Knock you up, pregnant, knock you up
[x2]

Now usually I'll leave the club with a girl who has a man
And take her to the hotel for just a one night stand
See I'm a playa so I ain't tryna take her on no dates
But much like my patron, man, I'm just tryna take it
straight

Until I met this girl in the club with an unbelievable
booty
Sweetest girl in the world and I mean it and on top of
that she's a cutie
I ain't seen nothing like her around here in awhile
And if I had a girl she'd be the one to bear my child
Telling myself I'm a playa so I keep tryna shake it off
But I keep on seeing this big old house with a picket
fence and a dog
Never felt nothing like this
She's more than a mistress, enough to handle my
business
Now put that girl in my kitchen

Girl you make me wanna get you pregnant (That's what
I told her)
Girl you make me wanna get you pregnant (Ooo)
Lay you body down and get you pregnant
Knock you up, pregnant, and knock you up
