Yeah I would like this dance little mama  
I thought you'd never I got a lot of cash especially more  
for ya yeah, cause you the hottest thing up in this club  
I can tell when you hit the stage  
Baby you getting paid  
Your booty is like a magnet, you  
looking like Jessica Rabbit  
Putting these other chicks in the casket yeah

Here go a g spot come and seat on my lap  
Now let me tell you what i'm here for  
Looking to fill this position and baby girl you fit the  
description yeah

Private dancer, my private dancer  
Said you gon' be my private dancer  
Just pack your things up 'cause your coming home wit  
me tonight  
My private dancer, my private dancer  
You gon' be my private dancer  
Just pack your things up 'cause your coming home with  
me tonight

I can quadruple what you're makin'  
I'll make your job description so clear  
You ain't gotta worry 'bout your boss, I already paid  
him off my dear  
See I got a mansion in the Hamptons and a club  
in the back bartender and a chef what else do you  
really need. It's your show where anything goes  
You ain't gotta worry we can lose control

Here go a g spot come and seat on my lap  
Now let me tell you what i'm here for  
Looking to fill this position and baby girl you fit the  
description yeah

Private dancer, my private dancer  
Said you gon' be my private dancer  
Just pack your things up 'cause your coming home wit  
me tonight  
My private dancer, my private dancer

You gon' be my private dancer  
Just pack your things up 'cause your coming home with  
me tonight

I - I - I be, I be in the strip club wit my hands up  
Trickin' like I'm flippin' I be spinnin' all my ends up  
Even if I never leave my seat she make me stand up  
See, that's why I could never move to Atlanta  
All about her bucks you would think she came from  
Tampa  
She stay on that new shit no wonder why she pamper  
Get it, she gon' she gon' let me hit it  
I can't wait til we alone 'cause I want your full attention  
We can take this to my crib gotta stripper pole up in it  
G-G-Girl you know I love it when you pop that shit for  
pimpin'  
Ha, my private dancer (Yeah), you the realest  
Imma call ya franchise (Why), 'cause you could get the  
business  
Private dancer, my private dancer  
Said you gon' be my private dancer  
Just pack your things up 'cause your coming home wit  
me tonight  
My private dancer, my private dancer  
You gon' be my private dancer  
Just pack your things up 'cause your coming home with  
me tonight
