Come follow me and take my hand now
Outta body here, different state of mind,
But beat is taking over my heart, my heart, my heart
And this is my favorite part, part, part
I need it here, and hear it louder now
Tell the dj turn it up
This can be addictive I know, I don't want it to stop, stop
Cause I'm not ready to go, go
Now let this beat drop

Tonight it's you and me, flash a light to disagree
This ain't all in my mind
The room is spinning slowly, need you to pull me
closely
We'll party till morning time
I need you to push me up higher
Push me up higher, turn me up louder
Turn me up, turn me up
Push me up higher
Push me up higher, turn me up louder
Turn me up, turn me up

C-I-A-R-A

I don't wanna stop, stop, don't wanna stop
I got a smile on my face now, cause the dj's playing
what I wanna hear now
And he better not stop, oh
Baby won't you come along, and take my hand
Spin me around, take me to the ground, ground, oh
ground
And tell me how the sounds, sounds, sounds, oh

Tonight it's you and me, flash a light to disagree
This ain't all in my mind
This room is spinning slowly, need you to pull me
closely
We'll party till morning time
I need you to push me up higher
Push me up higher, turn me up louder
Turn me up, turn me up
Push me up higher

Push me up higher, turn me up louder
Turn me up, turn me up

Can you feel the beat, it's making me losing control
Going out my mind babe, you know
I don't wanna leave the dance floor, whoa, oh

Tonight it's you and me, flash a light to disagree
This ain't all in my mind
This room is spinning slowly, need you to pull me
closely
We'll party till morning time
I need you to push me up higher
Push me up higher, turn me up louder
Turn me up, turn me up
Push me up higher
Push me up higher, turn me up louder
Turn me up, turn me up.
