Come follow me and take my hand now
body in, in a state of mind
But beat is taking over my
And this is my favorite part, part, part
I need it here, and hear it louder now
Tell the dj turn it up
This can be addictive I know, I dont want it to stop, stop
Cause Im not ready to go, go
Now let this beat drop
Tonight its you and me, disagree
This aint all in my mind
Breathing slowly, need you to pull me closely
Well party till morning time
I need you to push me up higher
Push me up higher, turn me up louder
Turn me up, turn me up
Push me up higher
Push me up higher, turn me up louder
Turn me up, turn me up
I dont wanna stop, stop, dont wanna stop
I got a smile on my face now, cause the djs playing
what I wanna hear now
he better not stop, oh
Baby wont you come along, and take my hand
Spin me around, take me to the ground, ground, oh
ground
And tell me how the sounds, sounds, sounds, oh
Tonight its you and me, disagree
This aint all in my mind
Breathing slowly, need you to pull me closely
Well party till morning time
I need you to push me up higher
Push me up higher, turn me up louder
Turn me up, turn me up
Push me up higher
Push me up higher, turn me up louder
Turn me up, turn me up
Can you feel the beat, its making me loosing control
Going out my mind babe, you know
I dont wanna leave the dance floor, whoa, oh
Tonight its you and me, disagree
This aint all in my mind

Breathing slowly, need you to pull me closely
Well party till morning time
I need you to push me up higher
Push me up higher, turn me up louder
Turn me up, turn me up
Push me up higher
Push me up higher, turn me up louder
Turn me up, turn me up.
