[David Banner]

Lord we come to you
asking you for the strength
and the guidance
to be man enough
to protect our children
till the day that we die
Amen

(Verse 1)

Devotion to that higher ground
is day by day slowly fading
its like we cant hear the sound
so i gotta reiterate it
he sending all over the world now
we need to start makin changes
the light is covered up by the clouds
and my lifes constantly raining

but when i think about the things
youve done for me
and how you made me see, truthfully
i aint gon do you wrong no
dont let no one of us go
because i know

(Chorus)

nobodys gonna save me(save me)
gonna save me(save me)
from the sins ive done (sins ive done)
nobodys gonna save me(save me)
gonna save me(save me)
cause its all my fault (it's all my fault)

nobodys gonna save me(save me)
gonna save me(save me)
from the belief ive lost
nobodys gonna save me(save me)
gonna save me(gonna save me)
so im prayin to you God (prayin to you God)

(Verse 2)

Its not safe to say its over now
we're here and i see
little bodies laying on the ground
it coulda been your baby
is someone gonna help us out
they need some food to eat
but there'll be brighter days
when we'll be saved
the Lord will send blessings

but when i think about the
things you've done for me
and how you made me see, truthfully
i aint gon do you wrong no
dont let no one of us go
because i know

(Chorus)

nobodys gonna save me(gonna save me)
gonna save me(gonna save me)
from the sins ive done (done)
nobodys gonna save me(nobodys gonna save me)
gonna save me (yeaaaah)
cause its all my fault (fault)

nobodys gonna save me(save me)
gonna save me(save me)
from the belief ive lost (oohooooohoooh)
nobodys gonna save me(save me)
gonna save me(save me)
so im prayin to you God (prayin to you God)

[David Banner]

Every step that we take from this day on lord
we both hope that it's one in your direction (save me)
so take this song (save me)
as a token of our affection (oohooooohoooh)
we both apolgize, and love (save me)
