We been through the storm, we've been through it all
We had some close calls but never would fall
We climbed all the mountains and walked thru all the
valleys
And u never left me behind (oo)
I found my way through the clouds, no more running
scared and closing my eyes
I will be true, this love from my heart, I'm laying my life
on the line

I will sur-vive as long as it's you by my side
I will sur-vive as long as it's you by my side
I'm stronger, stronger, stronger
I will sur-vive as long as it's you by my side
I will sur-vive as long as it's you by my side
I'm stronger, stronger, stronger

They said we wouldn't make but guess what we made it
And we've got them wondering how
You were always for me, never the one to hurt me
You gave me piece of mind
Found my way through the clouds, no more running
scared and closing my eyes
I will be true, this love from my heart, I'm laying my life
on the line

I will sur-vive as long as it's you by my side
I will sur-vive as long as it's you by my side
I'm stronger, stronger, stronger
I will sur-vive as long as it's you by my side
I will sur-vive as long as it's you by my side
I'm stronger, stronger, stronger

Sometimes I can't believe that you are with me, there's
nobody as lucky as me, so I get on my knees to make
sure that he knows I'm grateful for what he gave me - I
will sur-vive

I will sur-vive as long as it's you by my side
I will sur-vive as long as it's you by my side
I'm stronger, stronger, stronger
I will sur-vive as long as it's you by my side

I will sur-vive as long as it's you by my side
I'm stronger, stronger, stronger
