running back and forth in my head
tryna figure out how could i let a girl go so perfect
fellas you know what i'm talking about
and i've been thinking about it what you said
screaming how you want me out
and i turn around and look at your pics
and all i think about
is the way we used to kiss
is the way you held my hand
is the way we used to dance,
how we show romance
give me one more chance

was it all my fault
sorry for the pain i caused
(?)
do i cross your mind at all
with all the love i gave
don't make me feel this way
at anytime of the day
do i cross your mind at all

it's a shame that we can't
at least talk about our problems
my heart's broken
and my body is starving for your love
and i need you in my life girl for your touch
and all i think about is
is the way we used to kiss (i miss kissing baby)
is the way you held my hand
is the way we used to dance,
how we show romance
give me one more chance

was it all my fault
sorry for the pain i caused
(?)
do i cross your mind at all
with all the love i gave
don't make me feel this way
at anytime of the day
do i cross your mind at all

wait girl, you hear your conscience calling (calling)
wait girl, come back to me i need you here baby
stay girl, baby i want you to stay around for me girl
i'm sorry baby

was it all my fault
sorry for the pain i caused
(?)
do i cross your mind at all
with all the love i gave
don't make me feel this way
at anytime of the day
do i cross your mind at all
at all, at all, at all
do i cross your mind at all (yeah)
girl do i cross your mind at all
