I'll be putting it down in a minute
How long will it take before your screaming my name,
oh baby
We should rip off our clothes and get naked
I'll be like oh yeah! You'll be like oh yeah!
Partying down bumping here making us sweat
Put her little pedicure up on my chest
And we gon? sweat, sweat, sweat
I'll be like oh yeah! You'll be oh yeah!
Making us sweat

Hey!!

I I be on that wake up in the morning
Shawty lets work
Gotta put it down on the drop on the clock
Be the last one to punch out first
A little bit of sweat won't hurt
You're a little bit hot Shawty wrecked Ur skirt
Right up to the top, good sex-no shirt
I don't wanna stop, baby that's the worst
Put in the hole
No, no feeling like putting it in a girl
Go slow good hilling it get in with a jerk
Looking at your ? with your legs in the air
I'll ready in a minute don't go nowhere
I'ma hold your hair
Give it till the finish, baby lets go there
Giving you the fitness of that player
I'm so rare
Give me them draws like underwear
? it, smashing it, st-sl-slapping it, smacking it,
Up all night all on graffin it
I'ma do me doin my back in it
Lil mamma you ready cause I gotta tell you
As soon as we leaving the club
If you wanna cut I will cut, there ain't nothing for me to
disturb
But I'll be

I'll be putting it down in a minute
How long will it take before your screaming my name,

oh baby

We should rip off our clothes and get naked
I'll be like oh yeah! You'll be like oh yeah!

Partying down bumping here making us sweat
Part of her pedicure up on my chest
Yeah we gon? sweat, sweat, sweat
I'll be like oh yeah! You'll be oh yeah!
Making us sweat.

Look, look, look, look, look at ya lady
We can take it from the bed to couch to the floor to the
stove get so, so creative
Rip, rip it off x-rated
Sh-shawty we should get naked
Baby girl that's if you can take it, sip alot of Champaign
and get vaided
Heyyy, I wanna be your bling, bling right I'll give you my
ling ling
No time oh girl in the back of the range
I'll beat like that and make you scream my name
So much cheek it could touch the plain
Look ? ?, let them rock with pain
Be my leash I want your brain with them feet pretty
much like brain
Su-such a mess put ur pedicure on my chest
shawty your feelin to get blessed
in a minute ill need my head rest
i don't want you to fight it, you like it then lets get
excited
I'll drop like a pilot, take it off ? ? the value.

I'll be putting it down in a minute
How long will it take before your screaming my name,
oh baby
We should rip off our clothes and get naked
I'll be like oh yeah! You'll be like oh yeah!
Partying down bumping here making us sweat
Part of her pedicure up on my chest
Yeah we gon? sweat, sweat, sweat
I'll be like oh yeah! You'll be oh yeah!
Making us sweat.
