A material girl in her own world can't even see the  
things she's missing  
Right in the curve, a little girl wanting to grow up and  
be a star  
Take a look around without looking down  
All these things have blurred your vision  
Material things don't amount to nothing

But I know how you feel  
It's hard to see who's real

It takes time living in a world  
When you don't know who to trust  
Next time slow it down  
And don't feel you don't have to rush  
It'll be fine, it takes time, takes time to love

Know I'ma tell the truth when it comes to you my lady  
And it's miracle you have found a conscience baby  
I hadn't planned on leaving you can't even give a  
reason  
Now I know the reason why, why

But I know how you feel  
It's hard to see who's real

It takes time living in a world  
When you don't know who to trust  
Next time slow it down  
And don't feel you don't have to rush  
It'll be fine, it takes time, takes time to love

No, love ain't in the money, love ain't in the cars  
Love ain't in the jewellery, love ain't in the Mars  
Perfect place to start searchin' is your heart  
Just have patience

It takes time living in a world  
When you don't know who to trust  
Next time slow it down  
And don't feel you don't have to rush  
It'll be fine, it takes time, takes time to love

It takes time to love  
It takes time to love  
It takes time to love
