Girl I know we fussin'
Every little thing I say ain't right
You calling me names
And I see the pain that's in your eyes
Then we be making love all around
And I got my body in between your thighs
Ooh baby
I like it
When we making love
Keep it going
?
And you know it
I love it when you talk that shit (x2)
Ohh baby
Let it out
So I can hear it
Pass me out
Make me feel it
I love it when you talk that shit (x2)
Talk that shit like

Got damn it I just like everything you do
Cos I know you keep me in check
And if a girl try to push up on me
You won't hesitate to grab her by her neck
Little crazy but you're amazing
You ain't scared to show your bad side
You're the one I want
The one I love
Give it up
Keep it going
?
And you know it
I love it when you talk that shit (x2)
Let it out
So I can hear it
Pass me out
Make me feel it
I love it when you talk that shit
I love it when you talk that shit
Talk that shit like

Tell me shut up
Tell me no
You get better
? on my phone
Now you tell me to the left to the left
Then i'm right back for the sex for the sex
I know you mad now
But later on
Yeah we gon' take it to the room
You can let out all of your aggression
And put it all on me
Like, I hate you
You ain't shit
But I love you
Don't nobody else make me mad as you
But when we making up though i'm glad it's you
Ladies sing it
I hate you
You ain't shit
But I love you
Don't nobody else make me mad as you
But when we making up though i'm glad it's you

Give it up
Keep it going
?
And you know it
Love it when you talk that shit
I love it when you talk that shit
Let it out
So I can hear it
Pass me out
Make me feel it
I love it when you talk that shit
I love it when you talk that shit
Talk that shit like
Baby, yeah
I love you when you talking shit
Ohh yeah
