Girl I know we fussing
every little thing I say ain't right (nah)
you calling me names
and I see the pain that's in your eyes (then)
we be making love on the rounds
then I got my body in between your thighs (oh baby)
I like it when we make love

Keep it up, keep it going
cuz your fine and you know it
I love it when you talk that shit (oooh)
I love it when talk that shit (oooh)
yell it out, so I can hear it
cuss me out, make me feel it
I love it when you talk that shit (talk that shit)
I love it when you talk that shit (talk that shit like)

God damnit I just like everything you do
cuz I know you keep me in check
and if a girl try to push up on me you won't hesitate to
grab her by her neck
a little crazy but your amazing
you ain't scared to show your bad side (ooh baby)
you're the one I want, the one I love

Keep it up, keep it going
cuz your fine and you know it
I love it when you talk that shit (oooh)
I love it when you talk that shit (oooh)
yell it out, so I can hear it
cuss me out, make me feel it
I love it when you talk that shit (talk that shit)

I love it when you talk that shit (talk that shit like)

Tell me shut up, tell me no
you get fed up, I let you throw my phone
then you tell me to the left, to the left
then I'm right back for the sex, for the sex
I know you mad now, but later on
yeah we gon take it to the room
you can let out all of your aggression and put it all on

me
like I hate you, you ain't shit but I love you
don't nobody else make me mad as you
but when we making love though I'm glad it's you
ladies sing it,
I hate you, you ain't shit but I love you
don't nobody else make me mad as you
but when we making love though I'm glad it's you

Keep it up, keep it going
cuz your fine and you know it
I love it when you talk that shit (oooh)
I love it when you talk that shit (oooh)
yell it out, so I can hear it
cuss me out, make me feel it
I love it when you talk that shit (talk that shit)
I love it when you talk that shit like (talk that shit like)

Baby, yeah, I love it when you're talking shit
oh yeah.. (woo!)
