I don't know what it is,
there's just something about you,
I mean I don't think I can be in love this early,
maybe I can be,
but you the best!

All of these chances we take from day to day,
constantly working, travelling from place to place,
I wanna find a place where my love can stay,
so you just promise you won't give my love away,
girl let's get our dance on,
and imma kiss your neck then put my hands on,
your body,
we can do this thing nice and slow,
we can take you round the world let's go,
girl we know you play the biggest part,
take it back to the start,
were we fell in love,
ooh girl you got that body I can't take it babe,
I want it, I just really really want it,
got anything you need baby,
just come with me baby!

It don't matter where we go,
London that's Heathrow,
I take you round the world baby and back,
because your special you the best yo uh,
let's go,
and you know imma go get her,
but shawty is a winner,
I need a girl who wants it just like that,
because your special, you the best yo uh,
let's go!

Girl your body matches your face,
and I want it all,
bring your body over here,
I ain't scared to break you off,
I'm bout to go in so hard,
deeper and deeper,
giving it to your body I want it body baby,
between your body the love we exchange,

all these positions girl let's switch it up.

We can do this thing nice and slow,
we can take you round the world let's go,
girl you know you play the biggest part,
take it back to the start,
were we fell in love,
ooh girl you got that body I can't take it babe,
I want it, I just really really want it,
got anything you need baby,
just come with me baby, oh!

It don't matter where we go,
London that's Heathrow,
I take you round the world baby and back,
because your special you the best yo uh,
let's go,
and you know imma go get her,
but shawty is a winner,
I need a girl who wants it just like that,
because your special, you the best yo uh,
let's go!

Ain't nobody else do me like you do,
make a nigga wanna spend them dollars on you,
do it by yourself,
girl that's all you,
I can't get your booty out of my mind,
girl you're a stallion,
you know you the truth,
can we make love,
right now, right now, right now, right now!

It don't matter where we go,
London that's Heathrow,
I take you round the world baby and back,
because your special you the best yo uh,
let's go,
and you know imma go get her,
but shawty is a winner,
I need a girl who wants it just like that,
because your special, you the best yo uh,
let's go!
