Yeah, you know being from Virginia
I gotta go back to my roots
The whole go, go thang, BC, what's up?
Virginia, you already know how we 'bout to do it
Let's go, yes sir

Been sittin' here for an hour talkin'
But we ain't sayin' nothin'
I ain't even trippin', mama, that's cool
No better way to waste time than with you

Ain't that a trip 'cause usually I do my thing and I dip
But she got me wanna stick around for the second
show
Have her do her thing on the stage for me once more

And I'm like, ooh, I can't wait for us to be alone
So tell me, tell me what you say, ma?
You've been keepin' it 100 up to this far
So what you wanna do?

I'm tryin' to give it but I'm losing my cool
'Cause shawty, you got me thrown
Thrown off, lil' mama, she got thrown
Thrown off, lil' mama, she got thrown

Now I can't say all the things I wanna say
But your body is a problem for me
And I put shame on a man that walked away
But I'm bettin' that you'll hear it from me

That's real 'cause usually I can't express how I feel
It's like I'm in my favorite scene on a movie screen
Diamond studded tee, crown holdin' my Spike Lee's

And I'm like whoa, I can't wait for us to be alone
So tell me, tell me what you say, ma?
You've been keepin' it 100 up to this far
So what you wanna do?

I'm tryna give it but I'm losing my cool
'Cause shawty, you got me thrown

Thrown off, lil' mama, she got thrown
Thrown off, lil' mama, she got thrown

Girl, you got that knock, I hear it down the block
And if I get a chance, guaranteed, I keep it hot
I gotta get you locked so, baby, pick your feet up
I'm just my two-seater, holla if you hear me now

Girl, you got that knock, I hear it down the block
And if I get a chance, guaranteed, I keep it hot
I gotta get you locked so, baby, pick your feet up
I'm just my two-seater, holla if you hear me now

And I'm like, ooh, I can't wait for us to be alone
So tell me, tell me what you say, ma?
You've been keepin' it 100 up to this far
So what you wanna do?

I'm tryin' to give it but I'm losing my cool
'Cause shawty, you got me thrown
Thrown off, lil' mama, she got thrown
Thrown off, lil' mama, she got thrown

Yes sir, two up, two down
Holla at me, it's all about you
We out, let's go
Got me feelin' like, hey, hey, hey, hey
