oh ohhhh
oh ohhhh..

you said I'm not giving enough
but baby girl I'm trying so hard to..keep up,
when you fear that Imma always leave you lonely

but you see that I want us to last forever
and my heart stays open
darling you know It will get better

but you know that shit wont happen over night
we just gotta give love a try
and when you look beside you girl I'll be there..

****Ref:**

when It rains down your face
tell me where do the tears end up

don't wanna drown In the rivers of your sorrow

and I, I will swimn a thousand miles
just for one minute to see you smile

so I'm treading water, I'm treading water
please don't cry cause your drowning me

oh ohhhh
oh ohhhh..

what do you say
what to do you mean

that you blame me
why Is It today, that you doubted me

that Imma always leave you lonely
but you'll see that I want us to last forever

and my heart stays open
darling you know It will get better

but you know that shit wont happen over night
we just gotta give love a try
and when you look beside you girl I'll be there..

****Ref:**

when It rains down your face
tell me where do the tears end up

don't wanna drown in the rivers of your sorrow

and I, I will swimn a thousand miles
just for one minute to see you smile

so I'm treading water, I'm treading water
please don't cry cause your drowning me

oh ohhhh
oh ohhhh..
