Damn, I want my baby back
It's so cold without her, cold without her
She's gone now I'm alone, no one to hold on
'Cause she was the only one and I know I was dead
wrong

But if you, if you see her soon
Ask her will she forgive me

If you ever see her, if you ever meet her
If you ever get the chance to sit down and talk to her
Let her know it's so cold, it's so cold, it's so cold
Here without her

And tell her I miss her, tell her I need her
Tell her I want her, I really want her
To come back home, back to keep me warm

Tell her I'm sorry, I'm really sorry
Can you forgive me? Please forgive me
And come back home, keep me safe and warm

Now my baby's really gone
I don't know if she's coming home, my luck's up, I, I, I
know
Tell me what to do to get her back
Back where her heart belongs, been gone from me too
long

So if you seen my boo please can you
Can you tell her for me?

If you ever see her, if you ever meet her
If you ever get the chance to sit down and talk to her
Let her know it's so cold, it's so cold, it's so cold
Here without her

And tell her I miss her, tell her I need her
Tell her I want her, I really want her
To come back home, back to keep me warm

Tell her I'm sorry, I'm really sorry

Can you forgive me? Please forgive me
And come back home, keep me safe and warm

All them girls across the world
You know you gotta be my girl
All them girls across the world
You know you gotta be my girl

All them girls across the world
You know you gotta be my girl
All them girls across the world
You know you gotta be my girl

If you ever see her, if you ever meet her
If you ever get the chance to sit down and talk to her
Let her know it's so cold, it's so cold, it's so cold
Here without her
