When I first saw you

Who you talkin to?
Who that fella is standin right next to you? (ooh ooh)

[Verse 1]

Look at me, silly me
got me thinkin bout changin the game
And I can't let
you get away
so I said..
hello, hello,
Girl, what's your name?

[Chorus]

(Whos girl is that... who's girl is that, you're supposed
to (yeah) be the one, im gettin at.
(I wonder) I wonder who she talkin to on the phone.

I kno it's not me, so I'm tryna get on
(Stop playin mama) come ova hurr..
(You need to go ahead) and throw that number

The time is right now
You ain't gotta look at me with a frown
Or suckin you lips
