### Verse 1

When I first saw you  
I said to myself  
Girl who you looking good for?  
Who you talking to?  
Who that fella is standing right next to you?

Look at me  
Silly me  
Got me thinking about changing the game  
And I can't let you get away  
So I said "Hello, hello! Girl what's your name?"

### Chorus

Whose girl is that? (Whose girl is that?)  
Cause that's about to be the one I'm getting at  
I wonder who she's talking to on the phone  
I know it's not me  
So I'm trying to get on

Stop playing mama  
Come over herre

You need to go ahead and  
Throw that number

This love is crazy  
I wanna work something out(with me) real quick

### Verse 2

The time is right now  
You ain't got to look at me with a frown  
Sucking your lips  
All you got to do is say no or yay yo  
And we can go all the way to the top  
Can't nothing hold me down (No!)  
Can't let you get away  
So I said "Hello, hello! Girl what's your name?"

(So much about you baby girl) So much about you girl  
(I love your sexy ways) I love that i love it

Whose girl is it?  
I wanna know!

Chorus  
Whose girl is that? (yeah)  
That's about to be the one I'm getting at (I'm getting at)  
I wonder who she's talking to on the phone (on the

I know it's not me (mmm)  
So I'm trying to get on
