If you had a choice then  
what would you choose, to do.  
I could live without money,  
I could live without the fame and  
if every day was sunny I could live  
without the rain and if I ever went  
up to heaven I would fall right back  
down that life wouldnt be living,  
cause your the one I couldn't live without.

If I couldn't blink would I still  
be able to see you.  
I couldn't imagine (ooohoo)  
without arms could I reach,  
no way could I ever hold you (ohohooo)  
I need these things, like I need you,  
if you had a choice what would you choose .

I could live without money, I could live without  
the fame and if every day was sunny  
I could live without the rain and if I ever  
went up to heaven I would fall right back  
down that life wouldnt be living,  
cause your the one I couldn't live without.

If I couldn't dream would I believe  
that there could be a you and me and  
if I couldn't sing would you be able  
to hear my melody, I know that somethings  
wrong and im afraid that your moving on ,  
how can I fly when your my wings.  
I need these things, like I need you,  
if you had a choice what would you choose.  
I could live without money, I could live

without the fame and if every day was sunny  
I could live without the rain and  
if I ever went up to heaven  
I would fall right back down  
that life wouldnt be living,  
cause your the one I couldn't live without.

You can take it all from me,  
and it wouldn't mean anything,  
turn the whole world against me  
as long as you don't leave.  
Its getting hard for me to sleep,  
even harder for me to breath.  
Im used to life with you,  
tell me what I need to do.

I could live without money, I could live  
without the fame and if every day  
was sunny I could live without the rain and  
if I ever went up to heaven  
I would fall right back down  
that life wouldnt be living,  
cause your the one I couldn't live without.

I could live without money, I could live  
without the fame and if every day  
was sunny I could live without the rain and  
if I ever went up to heaven  
I will fall right back down  
that life wouldnt be living,  
cause your the one I couldn't live without.
