Shawty Im a only tell you this once,
Girl I need it, tonight
When I give it to you, Im a do you right
Just believe it, all night long
Baby, Right Now
Will you lay in my arms (oh oh)
Coz it aint nothing like, your love that I want your love,
your love that i need your love (it aint nothing like) your
love, your love,
Its your love (woahx4)
When you give me a kiss, i give it right back
Licking your lips, i do it like that, baby

Got me like the sun girl, look at me rise
Hot lil thang, up in my ride
Iâ'm hottest and i aint gon lie, aint gon lie
Shawty bet know she a keeper,

And shawty turned me into a believer,

Coz we've been playing this game all day
And now im ready to go all the way
And im gonna do it like all take a suckie now
And we can role play girl give it to me now

Coz it aint nothing like, your love that I want your love,
your love that i need your love (it aint nothing like) your
