Video game lover, we should with each other
I said

Video game lover, we should with each other
Dont act like we don't feel the same
Baby, baby, baby, quit playing them games
Dont act like we don't feel the same
Baby, baby, baby, quit playing them games

Back up in the game whats good whats poppin'
Make you run the stage, let the whole party rock it
When they see the kid, they'll be pulling down their
socking'
Cuz she know what it is, and I get the beer rock it
I pop in my car let me get some of the topic
And if you don't.. uhm Imma look at other options
She is on my level, so she got them panties dropping
Imma beat it, beat it, beat it, beat it, and there aint no
stoping

Come and play with a boss, amazing of course
I got your eyes roll back days and they're lost
She's playing with my joystick, all in my succeda
I'm pushing down her buttons, yeah playing on her
features
I've never leave her cuz I heard that she puts down a
keeper
So imma keep her, cuz I love how it feels when I freak
her
The other girls try but it aint the same, cuz she be up
and down like a video game

She was running plays, straight games like madden
Had me on my zone, wait how did this happen
She knew I was close to the bread like Stepmen

So do it in the name of love like Stephan
Lets go for a ride, baby don't be such a loser
Cuz once I power up, you'll be saying that I'm super
I don't discriminate, I got young ones I got cougars
Even got a british chick, and she drives a mini cooper

Come and play with a boss, amazing of course
I got your eyes roll back days and they're lost
All up in her mama crib, we kissing in the kitchen
She knew what it was, she was acting like she didn't
Pass out to my nigge*s man, shoutout to Bei Major
We standing right there watching how to be a player
The other girls try but it aint the same, cuz she be up
