

## Chris Brown Feat. Will.i.am "Picture Perfect"

Visit "[Picture Perfect](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Uh oh, uh oh, uh oh, uh oh  
You might've seen her on every cover  
Of every magazine  
But can't nobody get her but me

Uh oh, there she go  
Uh oh, there she go  
Uh oh, there she go  
Can't nobody get her but me

Hot, damn, let me tell you, man  
She look so good, I'ma say it again  
So good that I can't explain  
When she do what she do she gon' do her  
thang

Over here, Miss Lane  
Come on, get fly with a Superman  
You ain't gotta worry, I won't play no games  
Baby, tonight

So don't front  
You know you wanna stay  
It's all fun  
So baby, come and play

It's picture perfect the way you work it, girl  
What's your purpose? Cause I deserve it, girl  
Before we get into somethin' crazy  
All ya fellows back up off my lady

Get you one cause I got that one  
Get you one cause I got that one  
Get you one cause I got that one  
Get you one cause I got that, got that

It's the way she wears her clothes  
The beauty of a low  
The definition of a star  
Wanna meet her?

You might've seen her on every cover

Of every magazine  
But can't nobody get her but me

Uh oh, there she go  
Uh oh, there she go  
Uh oh, there she go  
Can't nobody get her but me

Damn girl, set my flame ablaze  
Top model chick from my favorite page  
At the same time from around the way  
When she break it down she gon' do her thang

After the beat drop  
You can hear the bass from the parkin' lot  
You ain't gotta worry, you won't tell me stop  
Baby, tonight

So don't front  
You know you wanna stay  
It's all fun  
So baby, come and play

It's picture perfect the way you work it, girl  
What's your purpose? Cause I deserve it, girl  
Before we get into somethin' crazy  
All y'all fellows back up off my lady

Get you one cause I got that one  
Get you one cause I got that one  
Get you one cause I got that one  
Get you one cause I got that, got that

It's the way she wears her clothes  
The beauty of a low  
The definition of a star  
Wanna meet her?

You might've seen her on every cover  
Of every magazine  
But can't nobody get her but me

Uh oh, there she go  
Uh oh, there she go  
Uh oh, there she go  
Can't nobody get her but me

Hot damn, I got the hottest chick  
She gotta be a goddess, her body's sick  
3D booty like holy  
She holdin' them Angela Jolie lips

Wit the tig ol' bits  
Willy get whipped when she wiggle it  
She jiggle it, my stick gets stiff  
Make a brother think she a hypnotist

'Cause she hypnotize  
Brothers gon' trip when she arrives  
Lookin' like she fell out the sky  
Heaven's missin' an angel, guys gon' cry

'Cause she chillin' with me  
I am Willy in love with Double D cups  
And she's that honey  
Just need one, I don't need many

She loves me, never money or pennies  
Look if you want, brother, you ain't gettin' any  
That's mine, yep, yep, that's right, sonny  
Get you one 'cause that's my honey

Get you one 'cause I got that one  
Get you one 'cause I got that one  
Get you one 'cause I got that one  
Get you one 'cause I got that, got that

It's the way she wears her clothes  
The beauty of a low  
The definition of a star

Get you one 'cause I got that one  
Get you one 'cause I got that one  
Get you one 'cause I got that one  
Get you one 'cause I got that  
Got that, got that, got that, got that  
Got that, got that, got that, got that
