Well you can have the truck and the stuff. Baby you can have the house. Yeah you and your lawyer and your new boyfriend can all sort it out. What's left in my pride and these two wheels is all i need. To take me away from somewhere i don't wanna be. Well baby I'm gone, when you read these words, i will be a blurr of chrome. I want to ride, watch the heat waves rise, i wanna feel the sun on my face and the wind in my hair. Ya I'll know where im goin, when i get there.

From what i hear, the beer is cheap down in mexico. i wouldn't mind being where they speak a language i don't know. the altitude of the rockies might be what i need. if anybody ever asks about what happened about me, tell them im gone. when you read these words, i will be a blurr of chrome. I want to ride, watch the heat waves rise, i wanna feel the sun on my face and the wind in my hair. Ya I'll know where im goin, when i get there.

Ya if i miss a turn, it wont make a bit of difference. baby where we're concern, all i need is a bit of distance. baby i'm gone. I need to feel the sun on my face and the wind in my hair. I'll know where im goin, when i get there. Baby I'm gone. I'm takin back my hear and hitting the road with these two wheels. gone gone gone.
