Close your eyes  
Tell me what you see  
Is it you alone standing  
Awaiting patiently

You know I love to guess what you're thinking  
It's fun, don't you agree?  
To try to play a psychic  
To such a mystery

When I close my eyes  
I fly above the trees  
So I can watch the sun  
Crash into the sea  
Running through the clouds  
Breathing in the breeze  
Oh, how it soothes

(Chorus)  
If you only knew  
What you do to me  
Or feel what I can do  
Or see what I can see  
I feel I'm next to you  
When I fall asleep  
When I think of you

Don't try to use a knife

To get inside my head  
Cause if you truly loved me  
You'd care if I was dead

You know I love to joke  
If I didn't  
I would not be me  
But if you were a book  
Who know what I could read

Cause when I close my eyes  
I can feel your lips  
Kiss the perfect parts

Like velvet fingertips  
Relaxing on the sand  
The wine we have to sip  
Is so very sweet

(Chorus)  
If you only knew  
What you do to me  
Or feel what I can do  
Or see what I can see  
I feel I'm next to you  
When I fall asleep  
When I think of you
