"Without You"

Sign says 5 miles
And I feel it's my fault this time
That you're walking away to get on a plane
And fly away

You'll be on time
And I'll be waiting on standby
Till the next time we fly
Or text something like
"goodbye... I'll see you next time"

No dry eyes tonight
When I'm reaching over to you
To find I'm missing you
I'll just hold on tight
And close my eyes
Cause I can't see myself without you

We'll be fine
I just wish I could turn back time
And know the dim lights would mean
You'd at home with me
But I will know next time

No dry eyes tonight
When I'm reaching over to you
To find I'm missing you
I'll just hold on tight
And close my eyes
Cause I can't see myself without you

The path is lonely
As the labor seems more like pain
My soul is heavy
Waiting to see you again
Again

No dry eyes tonight
When I'm reaching over to you
To find I'm missing you
I'll just hold on tight
And close my eyes

Cause I can't see myself without you
No I can't see myself without you

You'll be on time
And I'll be waiting on standby
