It's time to get up  
Says the clock around the way  
Warning you that something's  
Backing up on you today  
Brew that coffee  
And make that shower cry  
Cause there's people waiting on your  
Services till late tonight  
Grab your car and fly  
To the back of the line  
Cause leaving ten minutes late means  
Overtime, baby

Work  
Do it, get on top  
You gotta catch that train cause the  
Train don't stop  
You gotta  
Work  
Do it, put your foot on the gas  
Cause you're jumpin on the train  
And this trains coming fast  
Said you might as well stop  
If you're as slow as a rock  
You gotta  
Work  
Do it, baby, get on top of it

Second verse -  
7 o'clock, I'd be  
Fast asleep, if I didn't hear  
Beep beep beep beep beep Lord can I  
Rest in peace please, now I'm  
Sitting in the middle of a  
Thousand one others, doing  
Just the same thing only in the  
Middle of the street  
Well, you think you're fine  
When you're the back line  
'Til the boss is on the phone  
Saying meeting in 5
