It's a long, long way
From Heaven to heartache
That's a trip I never
Wanted to make

Since I've been gone
It just hasn't been the same
I'm afraid I've finally learned
How a heart can break

[CHORUS]

I want you, I need you
I'll always be with you
I found out the hard way
I can't do without you
I'll always be with you

I've been walking on the
Wrong side of the highway
Waking up on the
Wrong side of town

I could never find
Under any neon sign
Anyone that I love
Any more than you

[Repeat CHORUS]

(Come back to me)
At least now
We both know I tried
(Come back to me)
I will be yours until I die

[Repeat CHORUS]

Oh, I want you, I need you
I'll always be with you
I found out the hard way
I can't do without you

I want you, I need you
I'll always be with you
