Every time the blood runs to my head, I hear the ring
Something to remind me I'm not dead or caught in
between
I listen to the voice and what it says, it's never sweet
Something I was born into I guess, living in me

No prize, nothing I pay will make it all alright
Nothing I see will make it lose sight
Nothing I take will make me sleep at night, sleep at
night

When I look within I feel like I should be running
Running, running, running
I will never shake this feeling 'till I feel nothing
Nothing, nothing, nothing

I am the enemy, enemy, enemy inside of me
Enemy, enemy, enemy
I am the enemy, enemy, enemy inside of me
Enemy, enemy, enemy

Every time I take another breath I feel the sting
Everyone around me seems so numb, I feel everything

No prize, nothing I pay will make it all alright
Nothing I see will make it lose sight
Nothing I take will make me sleep at night, sleep at
night

When I look within I feel like I should be running

Running, running, running
I will never shake this feeling 'till I feel nothing
Nothing, nothing, nothing

I am the enemy, enemy, enemy inside of me
Enemy, enemy, enemy
I am the enemy, enemy, enemy inside of me
Enemy, enemy, enemy

Taking my time to untangle the wires
And stare into my sanity

Dropping the hammer and pulling the trigger
I know now the bullet is me

I am the enemy inside of me
I am the enemy, enemy, enemy inside of me
Enemy, enemy, enemy
I am the enemy, enemy, enemy inside of me
Enemy, enemy, enemy, I'm the enemy

I should've looked back sometime alone
I should've looked back sometime alone
I should've looked back sometime alone, a long time ago

I should've looked back sometime alone
I should've looked back sometime alone
I should've looked back sometime alone, a long time ago
