Little one don't be a fool
I'm a wreck when I look mighty
In euphoria I'm bruised
In confusion next I'm lightning
In complacency I am small
Through oblivion I charge

So follow my way
When I'm not leading anyone
Open and frayed
When you can see that I'm unsure
Out on my way
I'm only pure when I get lost
And you're only needing
When you're finding that I'm not

You're just looking for a boy
Bathed in infrared and sunlight
I'm all polish and reward
When I'm confident I'm hopeless
Just like everybody else
Right before they fall apart

So follow my way
When I am falling from your heart
When I'm in pain
Fever and sweet relief in one
Out on my way
Though I'm not worthy of your trust
Follow me down into a swan dive
All eyes closed tightly

Lowly, slowly, now I know I like
Where you go when you're gone

Warm your hands inside my veins
I might be contagious
Through oblivion I charge

Follow my way
When I'm useless to your cause
When I derail

Calm in the patience of remorse
Out on my way
Out on my empty open nerves
When all you know
Is that I don't know where we are
When all you know is that I don't know
Follow my way

Follow my way
Follow my way
Follow my way
Follow my way
Follow my way
