I take a minute to tell you right  
And you can say what you want  
And turn around every night  
Somehow you're always going off

Doesn't matter what I done  
Or if I even crossed the line  
You start to holler, going for blood  
Girl, it doesn't have to be a fight

Throwing out the blame when you know it ain't my fault  
Messing with my brain when you wanna see me fall  
There may come a time when I don't bother you at all  
It isn't my call, it isn't my call

Hey, why you keep screaming at the top of your head?  
I said hey, why you keep screaming at the top of your  
head?  
I said hey, why you keep screaming at the top of your  
head?  
I said hey, why you keep screaming at the top of your  
head?

There's no need to scream, baby  
I'm standing right in front of your face  
Why? I know sometimes we don't get along  
So Chris sing the second verse to her, like this

Take a minute to tell you now  
And I don't have to raise my tone  
Take the level and bring it down  
I just want you to know

I got no trouble with what you said  
I don't even think you're wrong  
It's how you say it, you lose your head  
Girl, I'm standing right in front of you  
Throwing out the blame when you know it ain't my fault  
Messing with my brain when you wanna see me fall  
There may come a time when I don't bother you at all  
It isn't my call, it isn't my call

Hey, why you keep screaming at the top of your head?  
I said hey, why you keep screaming at the top of your  
head?  
I said hey, why you keep screaming at the top of your  
head?  
I said hey, why you keep screaming at the top of your  
head?

Silence is golden  
I used to think that silence was golden  
Silence is golden  
I used to think that silence was golden

Silence is golden  
I used to think that silence was golden  
Silence is golden  
I used to think that silence was golden

Hey, why you keep screaming at the top of your head?  
I said hey, why you keep screaming at the top of your  
head?  
I said hey, why you keep screaming at the top of your  
head?  
I said hey, why you keep screaming at the top of your  
head?  
I said hey, why you keep screaming at the top of your  
head?

Silence is golden  
I used to think that silence was golden  
Silence is golden  
I used to think that silence was golden
