Someday

(written by Chris Cuevas,

(CC)

Girl, you know

That you are always on my mind

And you know

That I will be there

Right by your side

Chorus (duet)

Someday, we'll be together

And share this love forever

Someday we'll be together

And share this love forever

(DG)

It's no fun

Living love in your mind

And it's just plain too late

When you're just plain out of time

I think, I wish, I hope, I pray

So now I'm gonna make it my reality

Someday... (oh)

Chorus

Solo
