Girl, just take my hand  
And pull me close to you  
The love we have is true  
Like a candle in the night  
You are my light, my life  
And I will burn for you

What you are to me  
Girl, I will always need

Come, walk along with me  
And tell me how you feel  
You know my love's for real  
Please don't leave me now  
I'll make it work somehow  
I promise, starting now

What you are to me

Girl, I will always need

(CHORUS):

You are the one that makes me laugh  
You are the one that makes me cry  
I could go on and on and on  
But that would do nothing if you're gone

Come and sit down by my side  
Tell me it's alright  
We'll make it through the night  
Please don't shed a tear  
I'll always love you dear  
We'll last a million years

(CHORUS)
