You walk around here  
Like beauty lasts forever child  
You say it's your fortune  
The kind that drives the fellas wild  
So are you Cleopatra  
Your beauty was your one mistake  
Look there down below  
Power is all yours to take

One day when your beauty is gone  
Are you gonna be alone  
Cleo!

Been in your tower  
Men, they kneel to your name  
Attracted to your power  
Men today, are all the same

Some day when your beauty is gone  
Are you gonna be all alone  
Cleo! Cleo!

You walk around here  
Like beauty lasts forever child  
You say its your fortune  
The kind that drives the fellas wild  
So are you Cleopatra  
Your beauty was your one mistake  
Look down at your feet  
For I'm the one that they call the snake

One day when your beauty is gone  
Are you gonna be all alone  
Cleo! Cleo! Oh, Cleo!
