Tell your story, sing your song
Can't you see I'm flying
Through the mountains, to the sun
Catch the daylight dying
Tell your story, sing your song
Fortune's wheel is turning
Time will pass, and you'll be gone
Teach the life you're learning

Tell your story, sing your song
Catch me quick, I'm leaving
Silver sunflower trapped in space
In the web I'm weaving
Tell your story, sing your song
Breaking through confusion
Cut the knot of lights we've lit
Life is an illusion

[solo]

repeat verses one and two
