"Ice Cream Heart"

We stayed up all night
In little green cars by the ocean
By the sea
In a field of carpark
I said your name
You made me smile or cry
By the sea
In an ice cream ocean

So why'd you have to melt inside of me?
I floated higher just so I could see your future
Why'd you have to fall away from me?
I floated higher just so I could get perspective

Don't fall asleep
'Cause I'm far away from here
And it's easier when you're around
Don't leave me here
'Cause there would be nothing left
There'd be nothing left here when you go
