Always think of things to say  
Five minutes after she's gone and I am here alone  
And when she's on her own  
She knows I'm trying to tell her things  
That I could only say when she's asleep

She sees right through me  
I'm scared there's nothing there to see  
She sees straight through me  
I want to see her again

'Cause I'm happy to be here  
I'm happy with you

It's hard to kiss her when she sings  
But I'm prepared to wait forever  
When cats become the obstacle  
The smiles are all just dots and dashes
