Ayako

Colour was your special name;
Only colours can explain.
Life will never be the same:
All that love,
All that painÂ...

Ayako,
Ayako,
Colour Child,
Why did you have to go?

Colours that you meant to me:
Golden sun and emerald sea.
Did you think life was a game?
Colours fade,
Love remainsÂ...

Ayako,
Ayako,
Colour Child,
Why did you have to go?

Something here that wasn't right,
Turned your gentle spirit's flight.
Caught in someone else's tune,
Life was ended
Much too soon.

Ayako,
Ayako,
Was it so?
Why did you have to go?

Did you try to please them all?

In the end you had to fall.
Tired and wounded from that fight,
Fled into
The stormy night.

Ayako,
Ayako,
Was it so?
Why did you have to go?

Did you have to please them all?
I'm the one who felt you fall.
No one really is to blame,
Too much love
Brings too much painÂ...

Ayako,
Ayako,
Colour child,
Why did you have to go?

Colour was your special name;
Only colours can explain.

As your rainbow split the light
Love divides;
Let love unite.

Where love divides,
Let love uniteÂ...

Ayako,
Ayako,

AyakoÂ...
