Who Knows Who Cares

Verse 1

Don't say it's a lie  
Just 'cause you can't see why:  
All love isn't put on display.  
You want to believe  
Every heart on each sleeve,  
But not everyone shows it that way€!

Verse 2

The heart is a place  
Of mysterious grace:  
Dreams grow in the shade of despair.  
Who counts all the tears  
That will never be heard?  
Who measures the smiles  
Never shared?

Who knows who cares?
