Remember back when we were just young
Remember back when we had just begun
I Never knew we'd make it this far
You and I shining like a star
It's who we are

And every second your around I'm in tears
And every second your around I grow fear
But I know that this isn't true
I love you.

And when I see you walking down the street
I start to smile and get tingles in my feet
And when I know that your not around
I write you songs to turn that frown... Upside down

(Chorus)
And every second your around I'm in tears
And every second your around I grow fear
But I know that this isn't true
I love you.

(Bridge)
(Male)
Mhhmm
(Female)
Mhhhhmm

(Chorus)
And every second your around I'm in tears
And every second your around I grow fear
But I know that this isn't true
I love you.
