"New Best Friend"

Don't remember how it started
Can't remember when
But somehow you went from being just that girl
To becoming My New Best Friend

Some Say That Were not meant to be
And I wonder why
But how come every time I look at you
I feel like I've been floating in the sky.

(Chorus)
So here I am,
Unsure Of What to do
But the Only thing I am sure of
Is that I've got some love for you

And I'll be your superman
If you be my wondergirl
And We'll fly around the city all night
Then make our way around the world

(Chorus)
So here I am,
Unsure Of What to do
But the Only thing I am sure of
Is that I've got some love for you
(I've got some love for you)

Yes I've Got Some love for you
Yes, I've Got, I've got some love for you
Yes I've Got Some
Yes I've Got Some Love
Yes I've Got Some Love For You
Mhmm
