I've been thinking alot about you.
I'm so lonely here without you please.
Don't leave me on my own.

I was hoping that you would write me.
Or come and see me or just invite me please.
Don't leave me on my own.

If you come back here, I'll fix the place up, I really love
you,
let's not give up please.
Don't leave me on my own.
I stay up late now cause I've been crying.
I say I'm ok but I'd be lieing please.
Don't leave me on my own.

Please don't leave me all alone.

I've been thinking alot about you.
I'm so lonely here without you please.
Don't leave me on my own.
Please don't leave me on my own.
Please don't leave me on my own.
